EDUCATION

Marist College

Bachelor of Science degree expected May 2018

Major: Computer Science

GPA: 3.4 / 4.0

EXPERIENCE

Express Scripts – SQL Server Database Administrator Intern

MAY 2016 - AUGUST 2016

- Developed queries and stored procedures to support reporting metrics for management
- Wrote PowerShell scripts for Active Directory Group validation
- Supported database migration with backup and restore routines, recreating SQL Server logins, and executing post-migration maintenance
- Identified active databases by monitoring connections and processes, validating the last date database files were modified, and reviewing database error logs
- Implemented a new SQL Server build. Completed post-implementation steps by applying the required Service Packs and configuring SQL Server

SKILLS

Languages: Proficient in Python, Java, SQL. Familiar with C++, JavaScript, PHP, VBA, HTML5, CSS3

Software: Microsoft SQL Server, EasyPHP, MySQL, Microsoft Access

Tools: Eclipse, Git and GitHub, Cloud9

PROJECTS

Twitter Clone

github.com/sami10015/pyp-w4-gw-twitter-clone

- Created a program using a test-driven environment that implements common Twitter functionalities such as sending a tweet, updating a profile, and looking through a timeline
- This clone was programmed in Python as a RESTful API web service, utilizing SQLite as a backend, and provides authentic visuals using the Bootstrap framework

Text Adventure Game

github.com/sami10015/Text-Based-Adventure-Game

- Developed a completely interactive web-based fiction game in which players use text commands to control a character and change their environment.
- This interactive fiction game was created in my own genre, and was implemented in HTML5, CSS3, and JavaScript

“flAmazon” Project

github.com/sami10015/flAmazon_Project

- Wrote a program that allows a user to keep track of their order with a shopping cart on a fictional website called “flAmazon”.
- This Java shopping cart program uses a Microsoft Access “database” with the use of the JDBC API and provides a GUI made with the Java Swing API.

ACTIVITIES

Member of Collegiate Division 1 Cross Country / Track & Field Team

- Metro Atlantic Athletic Conference All-Academic Team – Fall 2015/2016, Spring 2015
